

VAN RODOLF M. SULIVA

SOFTWARE DEVELOPER | LARAVEL | GIS | CLOUD SYSTEMS
vmsuliva.online | 0976 213 7709 | vansuliva4@gmail.com

TECHNICAL SKILLS

Programming: Python, PHP, JavaScript, Java

Backend & APIs: Laravel, Django REST Framework, Flask, REST APIs

Frontend: React, React Native, Laravel Blade, HTML/CSS

Data & Cloud: MySQL, PostgreSQL, SQLite, Docker, Linux, Git, GitHub, Google Cloud Run

Platforms & Practices: Google Maps Platform, PHPUnit, RBAC, audit logging, OpenAI API, Gemini API, Raspberry Pi, Arduino

EXPERIENCE

Software Developer Intern

Municipal Agriculture Office | Ramos, Tarlac | February 2026 - May 2026

- Architected and deployed the foundation of a Laravel/MySQL agriculture operations platform that now spans **8 core modules** and **70+ authenticated workflows**, consolidating farmer registry, farm-input distribution, vaccination, cooperative, GIS parcel, machinery, backup, and reporting data for **150+ farmer/land records**.
- Engineered **four-tier role-based access control** and municipality-scoped tenancy through **9 authorization policies**, securing create, update, delete, import, export, mapping, and file operations for provincial and municipal users.
- Built an interactive GIS land registry with polygon-area computation, KML/KMZ import, QR-enabled farmer ID cards, and mobile-friendly public parcel verification.
- Partnered with **5 municipal staff** to refine field workflows; delivered analytics dashboards, audit trails, Excel/CSV reporting, and **30+ feature tests** covering data isolation and high-risk record actions.

Freelance Software Developer

Self-Employed | Remote | 2024 - Present

- Developed and delivered **10 web and mobile applications**, owning requirements, UI/UX planning, implementation, testing, deployment, maintenance, and documentation.
- Build and maintain production solutions using Laravel, React, React Native, Flask, MySQL, PostgreSQL, REST APIs, and cloud deployment tools.

EDUCATION & ACHIEVEMENTS

Master in Information Technology

Tarlac State University | August 2022 - Present

Bachelor of Science in Information Technology - Network and Administration

Tarlac State University | August 2022 - July 2026

- Magna Cum Laude
- Best Capstone Project, 2026 - PGT Onboard
- 3rd Place, Saliksiklaban University-wide Undergraduate Research Competition, STEM Category, 2026 - Digital Transformation of Public Transport: Vehicle Tracking and Electronic Payment Solutions (PGT Onboard)

SELECTED PROJECTS

PGT Onboard - Public Transport Tracking and Electronic Payment System

- Built an award-winning mobile and IoT platform integrating GPS tracking, electronic ticketing, digital payments, passenger counting, and a cloud-deployed backend across 6 major modules.

AmoraCare - AI-Assisted Adoption Management Platform

- Developed a role-based adoption platform with case tracking, document verification, AI-assisted legal guidance, reporting, privacy controls, and matching recommendations.

Garden of Peace - GIS Cemetery Mapping and Tracking System

- Created a GIS system with digital grave mapping, QR-enabled records, plot management, and Dijkstra shortest-path navigation.

FitQuest - Gamified Fitness Application with Motion Tracking

- Built a mobile application with pose estimation, progress tracking, adaptive rewards, leaderboards, and AI-generated coaching feedback.

FabellaCares - OPD Healthcare Management with Patient Trend Analysis

- Developed an intranet outpatient system for patient records, staff workflows, reporting, and ensemble-based trend analysis through an integrated analytics service.

CERTIFICATIONS & LEADERSHIP

Cisco Networking Academy | 2024-2025

Junior Cybersecurity Analyst Career Path; Cyber Threat Management; CCNA: Introduction to Networks; CCNA: Switching, Routing and Wireless Essentials; CCNA: Enterprise Networking, Security and Automation

Youth Leader, Deep & Wide PH | Paniqui, Tarlac | 2024-Present
